BEST PRACTICE -2
2023-2024

Project Name: Entrepreneurial Development Programme
(Training for Rural Women to make them Entrepreneurs)

Objectives of the Practice

- To encourage students to become entrepreneurs and pave the way for the creation of a better society.
- To motivate the students towards innovation and development in entrepreneurship.
- To provide knowledge about government schemes and financial support provided for entrepreneurship.
- To extend the service to empower rural women for their welfare through students who gained technical skills in various areas through EDP.

The Context

EDP CELL:

- EDP is a programme that seeks to provide constructive direction for those who choose a career path from the regular traditional roles. It is the act of motivating, inculcating and developing entrepreneurial skills in the student which are needed to establish their own business.
- The purpose of EDP is to encourage students to pursue careers in entrepreneurship and to empower them to recognize and seize new business opportunities to overcome the issue of unemployment through entrepreneurship.
- Providing space for the young budding entrepreneurs to put up the stall free of cost.

The Practice

To make the student self-reliant, the Empowerment Programme was introduced in the academic year 2005-2006. The Empowerment Programme enables the students to acquire knowledge, skills and techniques which helps them in their personal as well as social growth and it always strives to develop their entrepreneurial skills. This makes the students become the **job-creators**. EDP has extended the service to **the rural women community through our SKPC Students.**

EDP CELL:

Certificate courses offered during the academic year 2023-24:

Certified by **National Centre for Vocational & Technical Education (NCVTE)** under
