### **CONCLUSION:-**

Shiv Nadar said, “Education is and will be the most powerful tool for individual and social change and we must do all that it takes to facilitate it”.

True, we at SKPC facilitate women to be empowered through education, as it is the first step to give women the power to choose the way of life she wants to lead. Through education women becomes the ROLE MODEL most importantly for her children, the future of the nation.

With the blessings of Goddess Vasavambha, we believe WE CAN DO IT, WE DESERVE IT AND WE WILL GET IT.

The key to our achievements and accomplishments is to be true to our self, to be true to the very best that is in us and to progress consistently with highest values and aspirations.

I conclude with the words of Andrii Sedniev

“If you say , ‘ I have 100% confidence that I will achieve my goal,’ you will find a solution, you will take massive action , you will overcome any obstacles and after achieving a goal will say, ‘ I was right when I said that I can achieve my goal’”.

I pray for growth and progress of the institution and to flourish and attain heights in the field of education.

Thank You for giving me this opportunity.....
