CONCLUSION

Vijaylakshmi Pandit said, 'Education was not merely a means for earning a living or an instrument for the acquisition of wealth. It is an initiation into the life of spirit, a training of the human soul in the pursuit of truth and the practice of virtue'. True, life in college is an ocean of new beginnings and possibilities. The SKPC faculty facilitate learning and at the end of a student's journey in SKPC education, they achieve skills, knowledge, habits, beliefs and values and understand that education is the golden ticket to a better life.

I conclude with the words of Dr. APJ Abdul Kalam, "Confidence and hard work is the best medicine to kill the disease called failure. It will make you a successful person". With the blessings of Goddess Vasavambha, We at SKPC firmly believe that,

The more WE are tested, more WE become Sovereign, longer WE are tested Stronger WE become. Bigger we are tested Greater WE become. We are willing to do more than we are capable to do and thus eventually WE will do more than WE CAN do. What's the best position of SKPC is? And the answer is 'the next level'.

This report is attributed to the dedication, devotion and commitment of SKPC Management, Staff and students.

Thank You for giving me this opportunity.....
