BEST PRACTICE -2

2023-2024

Title of the Practice

"Creating an Inclusive and Safe Learning Environment: School Renovation Project for Disabled Children at Kundrathur"

Objectives of the Practice

To improve educational access and learning conditions for disabled children by enhancing school interiors and exteriors.

The Context

The school, which serves 33 children with autism and other disabilities, faced inadequate facilities that hindered effective learning and accessibility, prompting the need for renovation.

The Practice

This initiative aimed to renovate the Special Training Centre for Differently Abled autism students. It included upgrading classrooms and other facilities, making the school more accessible and conducive to learning. Constraints included budget limitations and time restrictions.

NGO Name: NAN SEI FOUNDATION

Location: Kundrathur Anganwadi School, (Special Training Center for Differently-Abled Students), IE Centre.

Number of Days Worked: 06.07.2023 – 16.07.2023

College Name: Sri Kanyaka Parameswari College for Women Arts and Science

Number of Volunteers: 14 Students from the Department of Home Science - Interior Design and Decor.

Evidence of Success

The renovation enabled the children to return to their classes in a safer, more comfortable environment, improving attendance and engagement. The facilities' improved accessibility that meets educational standards.

Problems Encountered and Resources Required

Budget limitations and resource availability posed challenges. The project required specialized construction materials and skilled labor for accessible infrastructure.

Notes

This practice demonstrates how targeted infrastructure improvements can greatly enhance learning experiences for disabled students, offering a model for similar institutions. The renovation is aligned with institutional values of inclusivity and access, providing a supportive environment for differently-abled students to thrive.
