As Dr. Sarvepalli Radhakrishnan wisely stated, "the true teachers are those who help us think for ourselves." at SKPC, education is not merely a means to acquire knowledge but a transformative journey that shapes character, fosters resilience, and ignites a passion for

lifelong learning. Our students leave this institution not only with academic excellence but also with the confidence and determination to carve their own paths in the world.

Inspired by the wisdom of Dr. A.P.J. Abdul Kalam, who believed that "learning gives creativity, creativity leads to thinking, thinking provides knowledge, and knowledge makes you great," Our dedicated faculty continuously nurture young minds, instilling not just subject expertise but also the values and ethics that define true success.

As we step forward into new horizons, we do so with gratitude—towards our esteemed management, committed faculty, and the entire SKPC family—whose unwavering support has been the foundation of our collective progress. With hope, perseverance, and a vision for a brighter tomorrow, we embrace the future with enthusiasm and purpose.

Thank you for this wonderful opportunity to reflect on our journey and celebrate our shared accomplishments.
